with an award they had won on a Rally at Mamby. The evening was soured by the stand-offish behaviour of most of our members who were present by ignoring our guests, we seem to ignore any new faces in the clubhouse and this is not the way to encourage new members.

12/4 Rally News - Quite a few members helped set up for the rally on the Thursday but very few members were present on the Friday night at the clubhouse to answer requests for help. The rally itself went very well but was spoiled by the fact that only 6 members stayed behind on Sunday to help clear up. The same happened the following Saturday and Sunday only 12 people turned out to finish clearing up the venue. We need members to help set up and clear up or we won't be able to have anymore rallies. We have to leave venues clean and tidy or we won be able to have them again. Ted is going to get in touch with the land owner to see what our chances are of getting Melbourne again. He is going to tell the landowner we are prepared to put some money into the venue in the form of repairing roads.

26/4 Ted's quiz - the drawing ability of some of our club members is questionable.

Any Items for Newsletter - Ted handed over 3 articles

3/5/91 (2) end

Clubhouse Ted put forward some ideas (1) Move the bar so that it is along the end of the building where the kitchen is now as we have a lot of wasted space in the kitchen. (2) Alter the toilets so that the ladies don't have to go through the committee room. (3) Put some fencing up outside and generally tidy up inside and outside (4) If every member could raise £100 over a year, with the memberships we have we should be able to raise approx £10,000 which would go along way to paying for some of alterations, after all £100 per year isn't even £2 per week. As regards the building work we would have to get some quotes from a few builders. Next meeting could all committee members come up with some ideas for raising money.

Any Other Business (1) Championships Collator - Alistair has spoken to Tom on behalf of some of the members who seem to be short of points after marshalling. Tom is not happy with the way things are at the club and that is the reason he hasn't been coming down but Colin said that we do have a postal system and telephones and Tom doesn't really need to come down for people to get in touch with him. A vote was taken as to whether Tom to carry on with Championships Collators job or for someone else to do it, 6 voted in favour of someone else doing it 3 against and 3 abstained. Ted is going to take on the job but it will be done in book form and not on a computer (2) Water heaters to be fitted soon (3) Caravan is badly broken at the back corner and side and now the door won't shut properly. Alistair is going to look at it and see if we can mend it ourselves.
Next meeting 7th June.
