13 MARCH YORK MC RIDINGS STAGES ON ELVINGTON??
25 APRIL TRACKROD RIDINGS STAGES ON MELBOURNE.
4 JULY BEVERLEY RIDINGS MULTI VENUE.

MARSHALS REQUIRED

We receive requests for marshalling assistance from various clubs. If you want to get involved and get some experience that may stand you in good stead when you start competing then please get in touch with Alastair Crosby our Chief Marshal. He currently has requests for marshals on the following:

5TH SEPT ELVINGTON STAGES BY SELBY & DMC.

If you can help on any of these contact Alastair Crosby for further details of all marshalling, his number is on the inside front cover of the newsletter.

PAST EVENTS.

Marshals Seminar Minutes.

Alastair Crosby attended this meeting at De Lacy Motor Club on the 14th May 1998 and thought the minutes may be of interest. (I hope that it spurs on a few more members to marshal - Ed).

Preliminary Notes

A meeting was held recently to discuss the reasons for the lack of marshals attending Rallying events. Several ideas were put forward by the attendees of this meeting, the major points being as follows:-

- Lack of event advertising for marshals.
- Poor and late out flow of necessary information from Organising Clubs.
- Poor circulation of information within Motor Clubs.
- Running of predominantly Saturday events
- Lack of recognition by Organisers of marshals efforts - Thank you's, benefits, etc.
- Lack of Major events in our area.
- Lack of Motor Club growth.
- Too many events within the area drawing a static resource.
- Too many Motor Clubs diluting the pool of available recruits.

Several remedies were aired which included:-

- Encouraging a higher advertising profile for events and Motor Clubs in non Motor Sport orientated localities.
- Make event Organisers aware of the need to inform marshals fully of the event and their duties well in advance.
- Make Club secretaries fully aware of the need to inform Club members of all forthcoming events which the Club have been invited to assist on.
- Promotion of Sunday scheduled events.
- Initiate a Marshals benefit scheme maybe linked to a dedicated monetary amount contained within the competitors entry fee.
- Ensure that event closing vehicles are equipped with a P.A. to pass on the Organisers thanks as it progresses through the event as well as providing information on forthcoming events.
- Encourage events to budget for 'Signed on marshals giveaways
- Canvass Championship Organisers to utilise the area.
- Motor Clubs should look to advertising themselves on events by the distribution of flyers. Advertising in non motor sport orientated areas should be encouraged. Organisation of events with a bias to the younger element of society should be examined, these events may not be traditional Motor Club activities.
- Self govern the number of events within our area by administering a qualification standard or organising more 'co-operative' events.
- Examine the feasibility of amalgamating Motor Clubs within the region to form a new larger organisation.
- Appoint a Regional Chief Marshal who would be the contact point for potential Motor Club members. (Dependent upon a common advertising policy being initiated).

The Motor club doesn't necessarily agree with all the content of the articles in the newsletter, some of it is put in for fun and some is there to create lively debate.

THE TRACK DOWN TO THE CLUBHOUSE.

Our neighbours and ourselves are about to upgrade the track and **you can help by not flying** (AND I DON'T MEAN IN A PLANE) down the clubhouse road on Fridays. So remember you will be paying for the damage indirectly through your subscription so slow down, please. Thanks.

I don't like to see space go to waste at the best of times so just to fill this gap I must tell you where I got some of this months contents from. The good old Internet of course! Searching around the other day I found a link from the RAC to the ANCC and a website that is run by Steve Smith from West Riding Motorsport. Which mentions all the ANCC clubs including ours. Needless to say Steve has now linked me in to our site so should be get any enquiries about Selby and DMC they will come through to my Email address.

In the same area I found the details of the RAC Rally and the Dictionary of Road Rally terminology.

ELVINGTON STAGES RALLY
Saturday 5th September 1998

Once again Selby & District Motor Club will be running its annual stage rally at Elvington Airfield on the 5th of September this year.

I am writing to ask for your help in marshalling the event, because as always we will need many marshalls on the day.

We are planning to run two separate stages again this year and to start the cars at thirty second intervals which helps to keep things moving. To do this we will need two arrival/start crews and finish/stop crews in addition to all the mid stage marshalls.

We will also need radio marshalls to cover both stages.

If you would let club members/friends, family know about the rally we will be grateful for any assistance offered, If you can help or you know someone who can please let me know and if you need more information about signing on times, location etc please do not hesitate to contact me.

Yours
